18. The Revising Authority shall dispose of all claims and objections by a date to be fixed by the Executive Officer.

It shall be the duty of the Executive Officer to produce all relevant or necessary documents or papers in his power or possession and otherwise render necessary assistance to the Revising Authority in the discharge of his duties.

19. On the date fixed for the hearing or on such other date to which the hearing may be adjourned, the Revising Authority shall hold a summary enquiry into the claims or objections preferred, and shall record his orders either allowing or disallowing the claims or objections. He shall also decide on any application or reference made by the Registering Authority for making corrections in the Preliminary Roll. For the purposes of the enquiry the Preliminary Roll as published shall be presumed to be correct and complete until the contrary has been proved.

20. (1) The orders of the Revising Authority shall be communicated by him to the Registering Authority, who shall cause the roll to be amended in accordance therewith and shall endorse the same in token that this has been done.

(2) The roll thus amended shall be the final electoral roll and shall thereupon be published by the Executive Officer in the manner prescribed for the publication of the preliminary roll in Rule 8.

(b) where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled, those of the papers so subscribed which have been first received, up to the number of vacancies to be filled, shall be deemed to be valid.

(3) Nothing contained in clause (ii), clause (iii), clause (iv), or clause (v) of sub-section (1) shall be deemed to authorise the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

14. The Returning Officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(2) The scrutiny shall be completed on the day appointed in this behalf, and no adjournment of the proceedings shall be allowed.

15. (1) On completion of the scrutiny of nominations the Returning Officer shall forthwith prepare a list of valid nominations and cause it to be affixed in some conspicuous place in his office.

(2) In the case of uncontested returns the Returning Officer shall report the name or names of the candidate or candidates whom he declares to be elected to the Executive Officer, who shall, after informing the candidate or candidates, cause the name or names of the candidate or candidates elected to be published in the *Calcutta Gazette*.

16. If the number of duly nominated candidates is greater than the number of vacancies the Returning Officer shall forthwith publish in the local newspapers, and in such other manner as the Executive Officer may prescribe, and in such places in the constituency as he may consider necessary, the names of the candidates as given in the nomination papers in alphabetical order.

17. (1) If a candidate by whom or on whose behalf the deposit referred to in section 27, sub-section (3) of the Act, has been made withdraws his candidature more than seven days before the date fixed for the election, or if the nomination of any such candidate is refused, the deposit shall be returned to the person by whom it was made; and, if any candidate dies before the commencement of the poll, any such deposit, if

made by him, shall be returned to his legal representatives or, if not made by the candidate, shall be returned to the persons by whom it was made.

(2) The deposit made in respect of a candidate shall, if it is not forfeited, be returned to the candidate or to the person who has made the deposit on his behalf as soon as may be after the publication of the result of the election.

18. If a candidate who has been duly nominated dies after the date appointed for the scrutiny of nominations and before the date appointed for the taking of a poll, the Returning Officer shall, upon being satisfied of the fact of the death of the candidate, countermand the poll and report the fact to the Executive Officer, and all proceedings with reference to the election shall be commenced anew in all respects as if for a new election:

Provided that no fresh nomination or deposit shall be necessary in the case of a candidate who stood nominated at the time of the countermanding of the poll.

Polling.

19. The Executive Officer shall appoint the hour at which the poll shall commence and the hour at which it shall close on the date appointed by the Local Government for the poll. The hours so fixed shall be published by notification at least three days before the election in the local newspapers, and in such other manner as the Executive Officer may direct.

20. (1) The Executive Officer shall select for each constituency as many polling stations as he thinks necessary and shall publish at least three days before the election in such manner as he may prescribe a list showing the polling stations so selected and the polling areas for which they have respectively been selected.

(2) The Executive Officer shall appoint a presiding officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the presiding officer as he thinks necessary. The Executive Officer may appoint additional polling officers during an election, if necessary.

(3) The Executive Officer shall make separate arrangement for the recording of votes by women voters provided that any woman voter may record her vote at the polling booth by notifying in writing to the Executive Officer, at least four days before the day of polling, her intention of so doing.

21. (1) The presiding officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except

(a) The polling officers, the candidates, their election agents and for each polling officer in the case of polling booths for men one agent and in the case of polling booths for females two female agents for each candidate (each such agent being hereinafter referred to as the polling agent) to be appointed in writing by the candidate, and authorised in this behalf by the Executive Officer,

(b) the police or other public servants on duty, and

(c) such other persons as the presiding officer may from time to time admit for the purpose of identifying electors.

(2) The presiding officer of a polling station shall allow the polling agent of a candidate to be relieved by another polling agent also duly appointed in writing by the candidate and authorized in this behalf by the Executive Officer.

(3) The presiding officer shall close the polling station at the hour appointed in that behalf by the Executive Officer under these rules so as to prevent the admission thereto of any elector after that hour, provided that all electors present at the polling station before it is so closed shall be entitled to have their votes recorded.

22. Each polling station shall be provided with such number of compartments as the Executive Officer thinks necessary, in order to enable electors to mark ballot papers as quickly as possible and screened from observation.

23. (1) The Executive Officer shall provide at each polling station materials sufficient for the purpose of enabling electors to mark the ballot papers, instruments for stamping the official mark on such papers, as many ballot boxes as may be necessary, and copies of the electoral roll or of such part thereof as contains the names of the electors entitled to vote at such station.

(2) The official mark shall be kept secret.

24. Every ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, immediately before the commencement of the poll, shall show the ballot box empty to such persons as may be present in such station, so that they may see that it is empty, and shall then lock it up and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers and keep it so locked and sealed.

25. Before commencing the recording of votes, the presiding officer shall read to such persons as may be present the provisions of section 14 of the Indian Election

Offences and Inquiries Act, 1920, and shall explain the substance thereof in Bengali, and in such other vernacular (if any) as to the presiding officer may appear to be necessary.

26. Immediately before a ballot paper is delivered to an elector, it shall be marked on the back with the official mark, and the number, name and address of the elector as stated in the electoral roll shall be called out, and the number of the elector shall be entered on the counterfoil, and a mark shall be placed in a copy of the electoral roll against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received. The counterfoil shall bear the name of the constituency and the name or distinctive number of the polling station shall be entered thereon by either the presiding officer or the polling officer.

27. The elector, on receiving the ballot paper, shall forthwith proceed to one of the screened compartments in the polling station set apart for marking ballot papers by electors, and there make a mark on the ballot paper against the name of the candidate or candidates for whom he intends to vote in accordance with the orders set out on the counterfoil paper, and fold it up so as to conceal his vote, and shall put his ballot paper, so folded up, into the ballot box. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

28. If the elector, owing to illiteracy or physical or other disability, is unable to read a ballot paper or to make a mark thereon, the presiding officer or polling officer shall mark the vote in the ballot paper according to the direction of the elector. The elector shall then himself, or with the assistance of the presiding officer, put the ballot paper folded up into the ballot box.

29. At any time before a ballot paper is delivered to an elector, the presiding officer or polling officer may, of his own accord, if he has reason to doubt the identity of the elector or his right to vote at such station, and shall, if so required by a candidate or his election agent or polling agent, put to the elector the following questions:

- (1) Are you the person enrolled as follows (reading the whole entry from the roll)? and,
(2) Have you already voted at the present election in this constituency as such voter?

And the elector shall not be supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative and the second question in the negative.

30. The ballot paper shall be in Form II annexed to these rules and shall contain the names of the candidates arranged alphabetically in the order of their surnames in English. The names and the instructions in the form may be printed in such vernaculars as the Executive Officer thinks fit having regard to each constituency. The ballot papers shall be serially numbered, the serial number being printed on the face of the counterfoil and on the back of the ballot paper.

31. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the presiding officer may ask, be entitled to mark a ballot paper in the same manner as any other elector. Such ballot paper (hereinafter referred to as a "tendered ballot paper") shall be of a colour different from the other ballot papers, and instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the elector and his number on the electoral roll and the name of the electoral area to which the roll relates, and shall be set aside in a separate packet and shall not be counted by the presiding officer. The name of the elector and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered in a list in Form III annexed to these rules, which shall bear the heading "Tendered votes list." The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

32. If any polling agent declares in writing and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the presiding officer may require such person to enter in the list of challenged votes (which shall be in Form IV annexed to these rules) his name and address, or if he is unable to write, to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner provided in rule 29 answers the first question in the affirmative and the other question in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The presiding officer shall make a note of the circumstances, and of his decision on the list of challenged votes.

33. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the presiding officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall, together with its counterfoil, be marked as cancelled.

34. A presiding officer, polling officer, election agent or polling agent is on duty at a polling station at which he is not entitled to vote shall, if he is

the Returning Officer of the constituency in which he is entitled to vote, as being entitled to vote at the election for the said constituency, be allowed to record his vote at the polling station. For this purpose he may use one of the ballot papers at such polling station, and the presiding officer shall enter in the counterfoil of the ballot paper the name of the polling station at which he is entitled to vote.

35. Such ballot paper shall be placed in an envelope and sealed by the presiding officer and returned with the certificate referred to in rule 34 to the Returning Officer who has granted the same, and such Returning Officer shall cause such vote to be included among the other votes given for the candidate designated by the elector.

36. The presiding officer of each polling station, as soon as practicable after the close of the poll, shall, in the presence of any candidates or polling agents who may be present, make up into separate parcels and seal with his own seal and the seal of such candidates or agents as may desire to affix their seal,—

- (1) each ballot box in use at each station unopened but with the key attached;
- (2) the unused ballot papers;
- (3) the tendered ballot papers;
- (4) the spoilt ballot papers;
- (5) the marked copy of the electoral roll;
- (6) the counterfoils of the ballot papers;
- (7) the tendered votes list; and
- (8) the list of challenged votes;

and shall deliver such packets to the Returning Officer.

37. The packets shall be accompanied by a statement in Form V annexed to the rules made by the presiding officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers in the ballot box, unused, spoilt, and tendered ballot papers, and ballot papers dealt with under the rules.

Scrutiny of votes.

38. The Executive Officer shall appoint a date, time and place for the counting of votes and shall give notice in writing thereof to all candidates and election agents. Such date must not be later than a week after the polling day.

39. (1) No person shall be allowed to be present at the counting of the votes except the Returning Officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under section 29, sub-section (5) of the Act.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

40. On the day and at the time appointed under rule 38 the Returning Officer shall, before he commences to count the votes, read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present and shall then proceed as follows:—

(a) The ballot box or boxes relating to each polling station shall be opened one after another, and the Returning Officer shall take out the papers therefrom, count them or cause them to be counted, and record the number thereof in a statement. Such statement shall not be shown to any candidate or agent.

(b) The Returning Officer shall then mix together all the ballot papers so taken out from the ballot boxes and distribute them in convenient bundles to the persons appointed to assist in counting the votes.

(c) When the ballot papers have been so distributed, but not before, the Returning Officer shall allow the candidates and their agents reasonable opportunity to inspect, without handling the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "Rejected". If any candidate or agent present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection. No candidate or agent shall be allowed to see the serial number on the back of any ballot paper.

(d) The Returning Officer, shall, as far as practicable, proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, such packets and other documents relating to the election under his own seal and the seals of such candidates or agents as may desire to affix them, and shall cause adequate precautions to be taken for their safe custody.

41. (1) A ballot paper shall be rejected if—

- (a) it has not on its back the official mark,
- (b) the number of votes recorded thereon exceeds the number of vacancies to be filled,
- (c) no vote is recorded thereon,
- (d) it is void for uncertainty,
- (e) it bears any mark by which the elector can be identified.

(2) The decision of the Returning Officer as to the validity of a ballot paper shall be final, subject only to reversal by the orders of a Court of competent jurisdiction.

42. The Returning Officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer by comparing it with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then re-close and re-seal each packet which has been opened by him, and shall record on each packet a description of its contents and the date of the election to which it refers.

43. The Returning Officer shall then prepare and certify a return setting forth—

- (1) the result of the verification referred to in the rule,
- (2) the names of the candidates for whom valid votes have been given,
- (3) the number of valid votes given for each candidate,
- (4) the name of the candidate elected,
- (5) the number of votes declared invalid, and
- (6) the number of tendered votes given,

44. The Returning Officer shall, after reporting the result of the election, forward the return and all the packets relating to the election in his possession to the Executive Officer.

45. While in the custody of the Executive Officer the packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof, shall not be opened and their contents shall not be inspected or produced except under the order of a Court of competent jurisdiction but all other documents relating to the election shall be open to public inspection subject to such conditions as the Executive Officer may impose.

NOTIFICATIONS.

No. 4722M.—The 21st November 1924.—In pursuance of section 49, sub-section (1) of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), it is hereby notified for general information that in exercise of the power conferred by section 48 of that Act, read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, the Governor of Bengal is pleased to sanction the street scheme known as scheme No. VIII-C (New Park Street to Ballygunge Main Road) in ward No. XXI of the Calcutta Municipality, which has been submitted to them by the Board of Trustees for the Improvement of Calcutta under section 47 of the said Act.

2. A description of the scheme is given as follows :—

This is a street scheme framed with the object of—

- (a) creating new and improving existing means of communication and facilities for traffic,
- (b) affording better facilities for drainage and conservancy,
- (c) providing new building sites.

The scheme provides for—

- (a) the construction of a road 100 ft. wide connecting the 100 ft. road already constructed in schemes VIII and VIIIA with Old Ballygunge Road and thus opening up a direct route for traffic from Chowringhee to the residential area of Ballygunge,
- (b) the construction of a 60 ft. road connecting Beckbagan Lane with Jhautola Road,
- (c) the construction of subsidiary roads for the purpose of providing building sites, developing and improving the area lying approximately between Jhautola Road and Karaya Road,
- (d) the lay out of the entire area included within the blue verge in the plan in suitable building plots. This lay out cannot be regarded as final as it is the intention of the Board so far as is compatible with the carrying out of the purpose to allow owners to exempt their properties.

The above 100 ft. road and 60 ft. roads form part of the proposed public street No. XII (Ballygunge Main Road) already sanctioned by Government: in the scheme the sanctioned alignment has been adhered to, except for a small length near the mosque at 93, Karaya Road.

(i) The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

(ii) Every application for the export of opium from India should be accompanied by an "Import certificate" in the form prescribed by the League of Nations and published in the *Calcutta Gazette* of the 20th September 1922, with the Bengal Government notification No. 24498.R., dated the 16th September 1922.

no receipts of the Imperial Bank of India or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as Government shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

(vii) The said promissory notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as beforementioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

(viii) The promissory notes taken on the day of sale under the sixth condition if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

(ix) No tender of money, receipts of the Imperial Bank of India or public securities on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause (vi) on the fifth day following the day of sale, will be afterwards accepted; provided always that money so subsequently tendered may be taken in payment of the said promissory note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. (vi) and No. (vii).

(x) The opium advertised for sale shall be paid for not later than 3-30 P.M. of the fifteenth day after the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the sixth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as Government shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference

of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

(xi) Purchasers taking out certificates or orders for the delivery of opium, after making full payments as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorising the delivery of single lot or of a different number of lots or chests whether more or less than the number of lots or chests ordinarily required to be included in each certificate or order.

(xii) No deposit of public securities under the sixth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

(xiii) The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India notes, receipts of the Imperial Bank of India, or Government securities a sum equal to the amount for which a promissory note would otherwise be taken under the sixth of these conditions.

(xiv) With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 4,500 specified in the third of these conditions.

(xv) The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of opium not exceeding altogether ten lots, provided always that there remain a sufficient number of lots of the opium to complete the said ten.

(xvi) In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

5. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Government of Bengal:—

No. 1.—Certificate of the opium advertised for sale.

No. 2.—Report of the examination of such opium.

6. The public are hereby informed that in providing the investment of the opium manufactured in the Ghazipur Factory, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Ghazipur Factory, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Government of Bengal.

7. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Government of Bengal. But, in accordance with established usage, under no circumstances will the Government entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred, on reference to chests, after the sale and delivery of the opium for shipment.

“After rule 20 of the said rules, the following rules shall be inserted, namely :—

20A. (1) No motion that a Bill be taken into consideration or be passed shall be made by any member other than the member in charge of the Bill and no motion that a Bill be referred to a Select Committee or be circulated or re-circulated for the purpose of eliciting opinion thereon shall be made by any member other than the member in charge except by way of amendment to a motion made by the member in charge.

(b) the Council refuses to take into consideration or to refer to a Select Committee or to pass any Government Bill, and thereafter the Governor recommends that the Bill be passed in a particular form, a motion may be made for leave to introduce the Bill in that form, and where such recommendation has been made in the case referred to in clause (a), the Bill in respect of which the dilatory motion has been made shall be deemed to have been withdrawn.

(2) Where a Bill has been introduced after a recommendation under sub-rule (1) any motion may, subject to the provisions of these rules, be made in respect of the Bill notwithstanding that such motion raises a question substantially identical with one on which the Council has already given a decision in the same session.

(3) For the purposes of this rule and of rule 20C, ‘a dilatory motion’ means a motion that a Bill be referred to a Select Committee or that it be circulated for the purpose of eliciting opinion thereon or any other motion the effect of the carrying of which will be to delay the passage of a Bill.

(3) Where during the passage of a Bill the Governor makes a recommendation in respect thereof, and any clause of the Bill has been agreed to, or any amendment has been made, in a form inconsistent with the form recommended, the member in charge of the Bill may move any amendment which, if accepted, would bring the Bill into the form recommended.

(4) Where the Council refuses to take a recommended Bill into consideration, or makes any alteration therein which is inconsistent with the form recommended or refuses to agree to any alteration or amendment which, if accepted, would bring the Bill into the form recommended, the President shall, if so requested by the member in charge of the Bill, endorse on the Bill a certificate to the effect that the Council has failed to pass the Bill in the form recommended.

(5) Subject to the provisions of this rule and of rule 20B, the ordinary procedure of the Council in regard to Bills shall, so far as may be, apply in regard to recommended Bills."

DEPARTMENT OF COMMERCE.

RESOLUTION.

TARIFFS.

Delhi, the 27th November 1924.

No. 260-T. (15).—The Government of India have received the report of the Tariff Board called for in Resolution No. 260-T. (15), dated 8th October 1924, of the Commerce Department, on the application by Messrs. Tata Sons, Limited, Agents of the Tata Iron and Steel Company, requesting that the Governor General in Council should exercise his powers under section 2 (1) of the Steel Industry (Protection) Act, 1924 (XIV of 1924). It will be available for sale in Calcutta and Bombay on Friday, November 28th.

2. The Board has examined the prices at which steel is being imported and those which the Tata Iron and Steel Company has been able to obtain for its products. As a result mainly of a heavy fall in the sterling prices of Continental steel and of the maintenance of the exchange in the neighbourhood of 1s. 6d., the Board finds definitely that the Steel Industry (Protection) Act has so far failed to achieve its purpose. For this reason, the Board recommends heavy increases in the duties on unfabricated steel with consequential increases on fabricated articles. The different recommendations are conveniently summarised in the following table :—

Unfabricated iron and steel.

Class of material	Present duty.	Proposed duty.
Steel bars	40	75
Iron bars	35	65
Steel structural sections ...	30	65
Iron structural sections ...	20	50
Plates	30	55
Black sheet	30	
Galvanized sheet	45	78
Tin plate	60	104
Rails and fishplates, medium and heavy	14	30
Rails and fishplates, light ...	40	

Fabricated iron and steel and miscellaneous.

Fabricated structures ...	25 per cent. <i>ad valorem</i>	25 per cent. <i>ad valorem</i> plus Rs. 60 per ton.
Coal tubs, etc., and built-up pipes ...	25 per cent. <i>ad valorem</i>	25 per cent. <i>ad valorem</i> plus Rs. 47 per ton.
Fabricated steel beams, channels, angles, etc. ...	25 per cent. <i>ad valorem</i>	25 per cent. <i>ad valorem</i> plus Rs. 54 per ton.
Fabricated iron, angles, etc. ...	15 per cent. <i>ad valorem</i>	15 per cent. <i>ad valorem</i> plus Rs. 44 per ton.
Fabricated plates ...	25 per cent. <i>ad valorem</i>	25 per cent. <i>ad valorem</i> plus Rs. 41 per ton.
Fabricated sheets ...	15 per cent. <i>ad valorem</i>	15 per cent. <i>ad valorem</i> plus Rs. 40 per ton.
Spikes and tie-bars ...	Rs. 40 ...	Rs. 75 per ton.
Switches and crossings ...	25 per cent. <i>ad valorem</i>	25 per cent. <i>ad valorem</i> plus Rs. 35 per ton.
Wire nails ...	Rs. 60 ...	Rs. 90 per ton.

3. The Government of India accept the finding of the Tariff Board that the protection given by the Steel Industry (Protection) Act has been insufficient, and that further protection is necessary in order to give effect to the intentions of the Legislature as expressed in section 2 (1) of the Act. But they do not think that this further protection should take the form of the very heavy additional duties proposed by the Tariff Board. The Government of India have calculated, in accordance with the methods adopted by the Board in its original report, that these additional duties would impose a burden on the consumer of more than two crores of rupees while the maximum benefit which, if prices

rose by the full amount of the increase of duty, they would confer on the industry would not exceed Rs. 50 lakhs in a year. But the Tariff Board reports the existence of heavy stocks of imported steel in India, and until these stocks are exhausted, the industry could not derive the full advantage of the new tariff. Further objection to the proposed duties is that, if the duties on unfabricated steel are increased, it is necessary to go further and also to increase the duties on fabricated steel.

4. In these circumstances, the Government of India have decided that the further assistance which the Board reports to be necessary would more appropriately take the form of bounties. The protective duties imposed in June last have brought in more revenue than was anticipated. Up to the 31st October last, the total receipts from these duties amounted to 106 lakhs, and it is calculated that at least fifty lakhs represent extra revenue arising from the enhancements in the duties. Thus even if allowance is made for the commitments of the Government of India in respect of the bounties contemplated by sections 3 and 4 of the Act, it is probable that there will be a considerable net surplus of revenue from these protective duties as compared with the estimate framed when the duties were imposed. The Government of India therefore propose to recommend to the Legislative Assembly as soon as it meets in January next that the protection now afforded to the industry should be supplemented by bounties. The exact form which these bounties will take and other questions connected with the best method of working the system will require detailed consideration, but the choice seems to lie between bounties on the different classes of raw steel specified in paragraph 2 above at rates equivalent to the additional duties proposed and bounties on finished steel produced in India so calculated as to give approximately the same financial return to the industry. As at present advised, the Government of India are in favour of the later alternative, and their recommendation will probably take the form that the bounty should amount to Rs. 20 per ton on finished steel produced in India. They are further of opinion that these bounties should be given for one year from 1st October last to 30th September next, that they should be subject to a limit of Rs. 50 lakhs, and that before the period indicated expires, the whole matter should be reviewed in the light of the circumstances then prevailing in order that it may be decided before the opening of the autumn session whether it is necessary or advisable to place fresh proposals before the Assembly.

5. The Tariff Board was precluded by its terms of reference from considering any form of protection other than that contemplated by section 2 of the Steel Industry (Protection) Act. But the Government of India have ascertained that the Board warmly approves of the additional protection which it has found to be necessary, taking the form of bounties.

ORDER.—Ordered that a copy of the above Resolution be communicated to all Local Governments and Administrations, all Departments of the Government of India, the Director-General of Commercial Intelligence, the Indian Trade Commissioner in London, and to the Secretary, Tariff Board.

Ordered also that it be published in the *Gazette of India*.

- (a) If the ordinary surplus is insufficient to meet the charges of the proposed loan the particular step which the Board has taken or has agreed to take in order to make good the deficit.
- (a) Though according to the figures shown in columns 13 to 15 and 17 to 19 no surplus is available in future years for the repayment of the proposed loan yet, as the District Board expects an increase of income from Provincial rates due to the revaluation now going on of at least Rs. 10,000 during the current year and of about Rs. 40,000 during 1925-26 and of about Rs. 1,00,000 from subsequent years after the completion of the revaluation work, the repayment of the instalments of the proposed loan could be easily arranged for.
- (b) Possible means of increase in the revenue of the District Board.
- (b) From revaluation of cesses which is going on.
- (c) A statement of outstanding loan as well as the annual charge involved on their account.
- (c) Rupees 25,000 only is outstanding as loan from Government. On this account Rs. 9,250 only will have to be paid during the current year and Rs. 18,725 only during the next year.
- (d) Any explanation in regard to the expenditure to show the true financial position of the Board when such position is otherwise than the ordinary surplus would indicate.
- (d) Though on the basis of actual calculation of the figures in columns 13 to 15 and 17 to 19 it appears that no surplus could be expected in future years as there was an average deficit of Rs. 9,923 during the last three years owing to heavy deductions on account of establishment charges for the Revaluation office, the District Board expects that although there may not be any surplus next year after meeting all necessary normal expenditure and the charges on account of existing and proposed loans, the income will be sufficient to meet all those charges with the expected increase of Rs. 40,000 from cesses during the next year; and it is expected that with the estimated increase of income of Rs. 1,00,000 from cesses from 1925-26 there will be appreciable surplus from 1925-26.
